I will create an online course on any topic! Complex of services - educational business!

**To Trainers, Coaches & Information Businessmen**

*Greetings!*

I am glad that you are considering opportunities for developing or creating a business in the field of online education. In the light of the latest trends, this direction is becoming the main element for trainers, coaches and information businessmen. Indeed, it would be a mistake to refuse to work in the multi-billion dollar education market.

**I offer you the following (ready to develop more than 400 topics for online courses):**

1. Development of content for an online course (courses), (text lectures; interactive slides, including SCORM standards; photos; videos; tests, practical assignments, quests, etc.).
2. Installation, configuration and content of the distance learning system (Moodle LMS or LearnDash LMS). No subscription fees and tariffs. It is possible to use other platforms for organizing online learning.
3. Comprehensive website development for sales (with forms, funnels, etc.).
4. Logo and branding.
5. Any required documentation for the online course (s).

**To form an offer (prices and terms), I need information:**

1. What is the topic of the future online course (s)?
2. Who will be the target audience for this course (s)?
3. Technical information on the course (s) - goals and objectives?
4. Desired volume of the course (courses), (in hours, minutes, A4 pages, etc.) \ (approximately)?
5. What format of the course (s) would you like to receive?
6. Webinars?
7. Need to create a website and integrate (configure) a free distance learning system (Moodle LMS or LearnDash LMS, other platforms)?
8. Any other additional services (logo design, course documentation, etc.).

**Based on the amount of work to be done, after providing the answers, I will be able to calculate the price and determine the time frame. Please write the answers to the above questions - [aldem@coursemaker.icu](mailto:aldem@coursemaker.icu). Working languages - Russian, English. There is a possibility of development in other languages.**
